Benefits Solution

Many Benefits, One Solution

Put Beacon Benefits Solution to work for you

Beacon Benefits Solution is a benefits and HR platform that allows you and your staff to easily choose and manage group benefits. With a clean look and easy-to-navigate benefit selections, you and your employees will be able to make informed decisions and spend as much or as little of their own money as they choose, so that they get the best benefits for themselves and their families.

Beacon Benefits Solution includes:

- Defined contribution administration
- Multi-level logins (employee, human resources, agent)
- Seamless carrier integration
- Wide selection of non-medical products

All of the products have no participation requirement. Plus, with a minimum of 10 eligible employees, all non-medical products available are guaranteed issue with a minimum employer contribution of just \$15 per employee per month. Employees can then add as much or as little as they like to get the benefits they are most interested in using.
